

Be what you want to Be

Be as you want to be,
work the way you want.

Spacewood Office Solutions Pvt. Ltd.

As the millennial generation takes over, traditional work methods, interaction modes, communication styles are all melting away and taking new forms. This dizzy pace of change is forever challenging the status quo and raising the bar.

At SOS, we view these not merely as challenges to be met; or problems to be solved - but as opportunities to bring out the best in us and break new ground and offer world class office furniture solution.

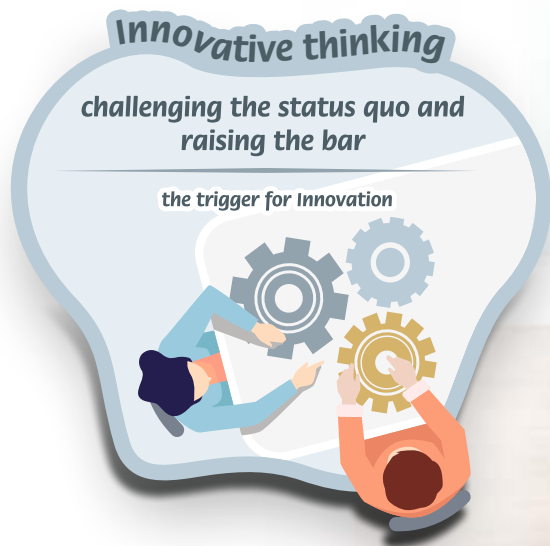

Flexibility - the very DNA of LineoTM

An innovatively designed modular desking solution, LineoTM is a system that forever evolves with you, Lineo's flexibility in customisation ensures that you never have to compromise on what you want.

Truly, LineoTM lets you be what you want to be, working the way you want.

Take the LineoTM Leg, for example. If you can think of a shape, you can have it. Options you never thought of are now possible, at the flick your finger!

Be what you want to Be

LINEO™ Cabin & Meeting Tables

Lineo™ Cabin and Meeting tables offer the same flexibility as the workstations, giving you a choice of elegant finishes, stylish legs and storage options that lend your cabins and meeting rooms a unique character while seamlessly blending in with the rest of your office.

how green can green be?
Lineo™ shows you how!

96.05%
recyclability

46.54%
biodegradability

LEED (Leadership in Energy & Environmental Design) is a rating system for the design, construction and operation of high performance green buildings.
Lineo qualifies for LEED credits for a number of parameters, notably Materials & Resources; Recycled Content; Regional Materials; Rapidly Renewable material and Indoor Environment & Quality.

LINEO is an IGBC certified GreenPro listed product. GreenPro is a product certification that guaranteed the eco and environment friendliness of product throughout its life cycle.

LINEO is ANSI/BIFMA e3-2014 certified product conforming to Furniture Sustainability Standards. The level of conformance is GOLD. This standard provides Assessment Criteria for carbon footprint, recyclability and biodegradability of materials used in the product.

Technical Specifications

The secret of LINEO’s customisation possibilities is the innovatively design under structure and its capability of separating, handling and managing large number of electrical and data cables, making wire management simple and trouble-free.
